

Penthouse Views

A magnificent yet elegant statement penthouse design, completed to the finest details. Mark Alexander custom designed these gorgeous interior spaces to encompass pure relaxation and bring in the refreshing light from the floor to ceiling windows, capturing the stunning Melbourne skyline.

Luxurious Space & Sophistication

The concept of the building as a whole is truly captured in this design with the curation of light, air and space highlighting a simplified sense of calm.

Interior Artistry

The custom designed and made floor to ceiling panelled bedhead in the master suite is a grand feature piece in itself. Crafted perfectly along with the unique and superbly elegant bedside tables. Truly resulting in the most gorgeous bedroom suite. Finished perfectly with mirror panels and the most luxurious sateen fabrics.

Penthouse Dreams

Each room interior is perfectly balanced so that the entire space seamlessly ties together. This is achieved through the furniture's purposely designed curved shapes. Resulting in an oasis for this client, to rest and relax within these picturesque spaces, leaving the troubles of life behind.
