

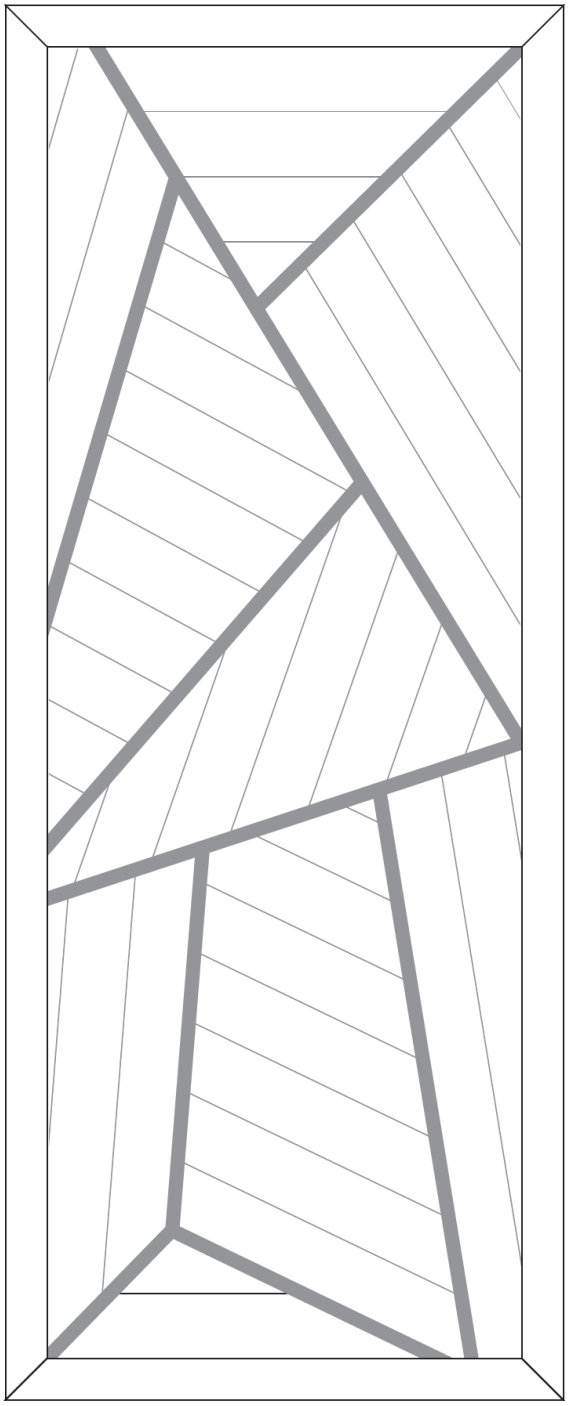
Large Tables For Any Space

Mark Alexander Design showcases real and meticulously sketched, planned and produced deigns that are all hand crafted to suit the client and their home. No 3D renders are used within our luxury interiors or bespoke furniture, each design is authentic

Made In Sections To Fit Apartment Lifts

Hand Made For Luxury Results

Each custom designed furniture piece is truly a unique piece of art. Made to the highest standards to ensure optimal comfort and practicality for you and your family. Personally overseen by Mark every step of the way to ensure perfection is met.



One Of A Kind Design Artistry

To bring your unique vision to life, we'll guide you through our meticulous design process and take the time to listen and understand your exact needs, specifications and preferences including size, shape, style, colours and materials, as well as the mood, theme, character and functionality. Working intimately alongside Mark Alexander and our team of passionate designers throught the entire design process.
